---

**Instructions:** You are to answer the following questions in your sketchbook as a reflection of your experience creating cave art.

- Note: These answers will be typed in the computer lab, and will be typed into the text box at the bottom of this page.

1. Lascaux, France, is a place known for having cave art. Would you have been able to survive as a cave person thousands of years ago without the comforts and technology you have today?
  
2. List three differences between your experience painting in the classroom cave, and what actual cave people experienced painting in a cave thousands of years ago.
