Reflection

Instructions: You are to answer the following questions in your sketchbook as a reflection of what you have learned drawing perspective, and capturing light.

➤ Note: These answers will be typed in the computer lab, and will be typed into the text box at the bottom of this page.

1. What was the most difficult aspect of capturing perspective? What tricks did you use in your project to give the illusion of space?
2. Of the four color schemes we worked with, which was your favorite and why? What have you learned about color theory through this experience?
